

## Program Fees

**Bob Goodin Productions bills School Assemblies by the day**, not by the number of presentations. To maximize the **educational impact** of our programs, we encourage you to schedule **two or more smaller groups** rather than attempting to pack all your students into one assembly.

All other programs ([after-school](#), [evening](#), and [library](#)) are billed by the presentation.

---

Depending upon where your school or library is located we are prepared to **waive some or even the entire [travel fee](#)** if you help us schedule one of our programs in a nearby school or library. Read more about [Sharing](#).

## PROGRAM FEES

### [FULL-DAY](#)

**\$750** (typically 3-5 presentations)  
[Split the day for \\$375](#)

### [HALF-DAY](#)

**\$500** (typically 1-2 presentations)

### [AFTER-SCHOOL](#)

**\$250** (1- presentation between 3-6 PM)

### [EVENING PROGRAMS](#)

**\$250** (1- presentation after 6 PM)

### [PUBLIC LIBRARIES](#)

**\$250** (1- presentation whenever school is out) \*

\* Additional presentations of the same program on the same day are **\$150 each**.

---

## FULL-DAY AT SCHOOLS

The fee for a **full-day** (3-5 presentations) is **\$750**. Some schools will schedule a **full-day** and have as many as **5** performances (**one** for each grade level).

Not only is this **educationally sound**, but it is also **cost effective**. Since we do not charge for the number of presentations, you can request **up to 5 presentations** of the same program on one day.

With the option to reduce the number of students in an assembly program, some schools choose to have the programs in their library or media center. This provides **another advantage**: Lunch time is no longer a scheduling issue.

## SPLIT A FULL-DAY

A **full-day** can be split between **two** cooperating schools at no additional charge. For example, Bob could do **two assemblies** at your school in the morning and **two assemblies** at a different **nearby** school in the afternoon. Each school would **only pay half** of the full day fee (**\$375 each**). This allows each school to **save \$125** off the half-day rate. The only caveat is that both schools must book the same program on the same day.

## HALF-DAY AT SCHOOLS

The fee for a **half-day** (1-2 presentations) is **\$500**. Many schools will schedule a **half-day** and have **two** performances of the same program: **one** for lower grades (K-2) and **one** for upper grades (3-5). This allows the program content to be customized and age-appropriate.

## SAVE MONEY BY SHARING

You may want to ask other schools in your area to see if they are willing to [split a full-day](#).

We recommend that you send out an e-mail to the others in your district, region, or on your list serve and ask if anyone wants to share a day with you. By sharing you can **save \$125** plus split the travel expenses in half.

---

### For your convenience:

- Each school can be invoiced separately
- Schools do not need to be in the same district, even if they are sharing a day, as long as they are nearby.
- Occasionally we will e-mail to our lists to help you find other schools near you to help coordinate group bookings. If you want to be added to that list, even if you aren't sure about when or if you want to book something, let us know and we can keep you in the loop!

## AFTER SCHOOL PROGRAMS

**After School Programs** are **\$250**. These events are a single performance given after school dismisses but **before 6 pm**. Your choice of program may be limited by what program(s) were presented during the day. This option is also limited by where a performer will be during the day. An after school event can only be booked **AFTER** a full or half-day has been booked on that date in your area.

## EVENING PROGRAMS

**Evening Programs** are a great way to promote book fairs, award programs, reward programs, and a guaranteed way to increase parent involvement in the **PTA/PTO**. However, for maximum impact and effectiveness the program should be scheduled on the same day as a day time program. Evening programs are **\$250**. The evening program will **ALWAYS** be different from what was presented at **YOUR** school during the day unless you specifically request otherwise.

## LIBRARY PROGRAMS

Summer Library Programs are themed each year according to the **State Library Reading** program. All our programs are fun, engaging, laugh-out-loud fun, and they always encourage the kids to READ! Summer library programs usually book up several months in advance. There are also some stipulations. For example, during the summer I perform ONLY the show that is themed according to the State Library. If you want a different show, you may have to adjust the date of the program. The first presentation at a given location during the summer is **\$250**, each additional program at the same location, same show, back-to-back is just **\$150**. Library programs are only available during the school year on weekends, evenings and holidays (i.e. when school is not in session).

## TRAVEL FEES

**Based from Kansas City, Missouri**

Travel fees (gas, food, and lodging expenses) are very simple and straightforward. If that is not good enough, you'll be happy to discover that many of our clients **NEVER** pay travel expenses! Call our office to find out how you can opt out of paying any travel expenses at all.

<b>Zone 1 - (0-50 mile radius)</b>	<b>\$0</b> (no charge)
<b>Zone 2 - (51-100 mile radius)</b>	<b>\$75</b>
<b>Zone 3 - (101-150 mile radius)</b>	<b>\$125</b>
<b>Zone 4 - (151+ mile radius)</b>	<b>\$175</b>

## WAIVE TRAVEL FEES?

Depending upon where your school or library is located we are prepared to **waive some or even the entire travel fee** if you help us schedule one or more of our programs in a nearby school or library. For more information about travel discounts, **download our [Mileage Map](#), identify your zone and then call our office toll-free to negotiate your discount.** The mileage map requires Adobe Acrobat Reader.
